Projects

Employee Management System

Oct – Dec 2025

Java, JDBC, HTML, CSS, JavaScript, SQL, Git – AICTE-EduSkills Java Full Stack Internship

- Built a Java full-stack web application implementing CRUD operations, user interaction, and relational database connectivity via JDBC
- Developed frontend pages (HTML/CSS/JavaScript) and backend business logic in Java
- Connected the application to a SQL relational database and tested/debugged application modules independently

CitizenConnect India

Individual Project

React.js, JavaScript, HTML5, CSS3, Vite, Tailwind CSS, REST APIs

- Designed and developed a unified citizen services platform from scratch, covering government schemes, civic complaint reporting, and hospital/blood bank locators across 10+ service modules
- Integrated multiple public REST APIs and built reusable, responsive UI components with client-side routing
- Implemented search, filtering, and service categorization; deployed via GitHub Pages

Personal Portfolio Website

Individual Project

React.js, JavaScript, HTML5, CSS3, Vite, GitHub Pages

- Designed and independently developed an 8+ section responsive portfolio site with reusable React components
- Configured GitHub Actions for automated CI/CD deployment to GitHub Pages
